

The Journal of Grey System

Contents

Performance Evaluation of Large Commercial Aircraft Vendors Sifeng Liu, Shaoguang Zhang, Lirong Jian, Wenfeng Yuan, Yingjie Yang	1
Prediction of the Vertical Displacement on the Crest of Keban Dam Erkan Kose, Levent Tasci	12
Comparing Grey Number Weights under Interval Probability Information Background Naiming Xie, Alan D. Pearman	21
Optimization of Strategic Alliances by Integrating DEA and Grey Model Nhu-Ty Nguyen, Thanh-Tuyen Tran, Chia-Nan Wang, Nhu-Thang Nguyen	38
GCRA Model for Grey Trend Analysis and its Application Xuemei Li, Yaoguo Dang, Lei Jin, Wenfang Kang	57
Evaluation of Work Efficiency and Medical Quality for a Hospital on the PPP Model in China with Benchmarking and GRA Xiaoning Li, Xinbo Liao, Xuerui Tan, Kai Zheng, Xiaoping Xu, Xiaojun Chen	70
Evaluation Method for System Coordination Development Based on Grey System Theory Xinhuan Huang, Wenping Wang, Binqing Cai	80
Method of Closeness Incidence Degree Deriving Similarity Incidence Degree Yong Wei, Kefang Zeng	94
The Grey Decision Assessment of National support Work Models for Poverty-stricken College Students	

Xiaolin Cao, Shuangwei Wang, Changchun Fang	107
Research on Grey Incidence Measurement Method Based on Dynamic Time Warping Distance	
Jin Dai, Feng Hu, Xin Liu	117
Book review	
Preface to the 7th Edition of Grey System Theory and Its Applications	
Chunsheng Zhao	127
IEEE GSIS 2015 Call for Papers	130
