

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

PESTICIDE OUTLOOK

FREE site-wide web access to the electronic form of this journal is provided with a full-rate institutional subscription. See www.rsc.org/ejs for more information

CONTENTS

- 42 **Company news** – reports on mergers, collaborations etc.
- 44 **Regulatory news** – news of pesticide regulatory affairs
- 46 **R&D news** – reports on new and developing ideas
- 48 **Biotechnology news** – report on developments in genomics etc.
- 49 **New Weed Research Centre in Australia**
Sharon Corey
- 50 **Addressing pest and disease problems for the UK potato industry** – reviewing the work being carried out at the Central Science Laboratories
Martin Hims and Steve Hill
- 55 **Seed treatment: challenges and opportunities** – recent conference and new book
Derek Soper
- 56 **Resistance management and the registration of pesticide products in Europe** – the importance of resistance risk analysis
Phil Russell
- 60 **Can biological agents be sprayed like chemical pesticides?**
Graham Matthews
- 62 **Weed Science Society of America, 2001** – a report on this year's meeting
David Cole
- 64 **Principles and practice in organic crop production** – the basis for an alternative approach to chemical inputs
Tamsin Brown and Rob Haward
- 68 **Control of pink bollworm** – with special emphasis on genetic methods of control
Thomas Miller
- 71 **Rat control in oil palms and rice fields**
Brian Wood
- 75 **Diagnostics in crop production** – the importance of diagnostics as an aid to decision-making
Derek Hollomon and Sheila Kendall
- 78 **AgChemForum**
Brian Hicks
- 80 **Calendar** – dates and venues of forthcoming events
