

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

PESTICIDE OUTLOOK

FREE site-wide web access to the electronic form of this journal is provided with a full-rate institutional subscription. See www.rsc.org/ejs for more information

CONTENTS

- 130 **Company news** – reports on mergers, collaborations etc.
- 131 **Regulatory news** – news of regulatory affairs etc.
- 133 **R&D news** – news on new and developing products etc.
- 135 **Biotechnology news** – news on developments in genomics etc.
- 136 **Fifty years of the International Plant Protection Convention (IPPC)** – preventing the introduction and spread of pests of plants and plant products
Robert Griffin
- 137 **Integrated control of slug damage** – current best practice and future prospects
David Glen
- 142 **Pesticide residues and consumer risk assessments** – emphasising the rope of registration procedures
Ray Bates
- 148 **Award for wood preservative** – an alternative to chromated copper arsenate (CGA)
- 149 **Using enzymes to clean up pesticide residues** – new bioremediation developments in Australia
Tara Sutherland, Robyn Russell and Michael Selleck
- 152 **Insect antifeedants** – chemistry, biological properties and pest management application
Murray Isman
- 158 **Crop protection in organic farming** – principles and practice
David Younie and Audrey Litterick
- 162 **Off to Brighton in 2002** – a preview of this year's conference
- 164 **The impact of biotechnology on food production and crop protection in the USA** – a recent report
- 165 **Pesticide use in Australia** – a recent report
- 166 **Sulfonylurea herbicides** – benefits and stewardship issues
Mark H. Russell, John L. Saladini and Frank Lichtner
- 174 **Molecular biology of weed control** – review of a recent book
David Cole
- 176 **Calendar** – dates and venues of forthcoming events
