

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

# OUTLOOKS ON PEST MANAGEMENT

## CONTENTS – APRIL 2006

- 50 **Editorial** – *Can we help Africa?*
- 52 **New Tools for Management of Phosphine Resistance** – *David Schlipalius, Patrick J. Collins, Yosep Mau and Paul R. Ebert*
- 57 **Company news** – *reports on mergers, acquisitions, collaborations and sales*
- 60 **Bystander Exposure – Opinions, Facts and Beliefs**
- Bystander Exposure: Does the current regulatory approach provide adequate protection?** – *David Coggon, Professor of Occupational and Environmental Medicine*
- In the debate about the exposure of people to pesticides accurate information is crucial because farmers and their families are rural residents too** — *N.B. Kift, Crop Protection Adviser, NFU*
- Pesticide Exposures for People in Agricultural Areas** – *Georgina Downs, Following the publication of reports from two UK Government Advisory Bodies which fundamentally disagree on the risks posed to people in the countryside from pesticide spraying, Georgina Downs of UK Pesticides Campaign assesses the reports and describes what the Government must now do to protect the public from pesticides*
- 75 **R&D news** – *reports on new products, new applications and new uses*
- 78 **The use of grain harvest bags in Australia** – *Louise Lawrence and Len Caddick, CSIRO Entomology describe a new way of storing grain*
- 80 **Improved application techniques: Ways to higher efficacy of fungicides and insecticides in field grown vegetables** – *Jacob Rueegg, Reinhard Eder and Viktor Anderau describe application techniques which give better control of pests and diseases in a range of field grown vegetables.*
- 85 **Biotechnology news** – *developments in molecular biology and genomics*
- 88 **Dose response curve analysis with the freeware programme - R** — *Jens C. Streibig and Christian Ritz*
- 90 **Fungicide Resistance Action Committee (FRAC)** – *P E Russell, Secretary of FRAC tells of the work undertaken by the International Steering Committee, the way forward and the success that has been achieved*
- 93 **Regulatory news** – *new registrations, environmental effects and withdrawals*
- 96 **Calendar of events**
