

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

OUTLOOKS ON PEST MANAGEMENT

CONTENTS – DECEMBER 2008

- 242 **Editorial** – *Has Africa Sufficient Infrastructure To Improve Yields?* – Graham Matthews
- 244 **Tough Negotiations Ahead as MEPs Back Bans on Pesticides** – *Len Copping reports on the result of the MEPs vote on pesticide regulation taken on 5 November and some reactions to the vote*
- 246 **Declaration of Ljubljana – The Impact of a Declining European Pesticide Portfolio on Resistance Management** – Pablo Bielza, Ian Denholm, Guido Sterk, Andy Leadbeater, Paul Leonard and Lise Nistrup
- 249 **EU's Proposed Pesticide Legislation Promises Better Environmental Health** – *Monica Guarinoni, Diana G Smith and S Katrina Perehudoff describe the health hazards of some pesticides and the potential gains from stricter environmental legislation on pesticides in Europe.*
- 252 **R&D news** – *reports on new products, new applications and new uses*
- 254 **Comment – A Sustainable Food Supply to meet Tomorrow's Needs** – Patrick Mitton
- 256 **Evolution In Action: Glyphosate-Resistant Weeds Threaten World Crops** – *Stephen B Powles outlines the development of glyphosate resistant weeds and the weed control problems that are associated with it.*
- 260 **Multiple Approaches to Enhance Communication between Rice Farmers, Rural Service Providers and Scientists** – *Dr. Paul Van Mele explains the various ways that knowledge is transferred to growers and associated individuals in less developed countries*
- 264 **Regulatory news** – *New registrations, environmental effects and withdrawal.*
- 268 **The Effect of Urbanisation on Aquatic Weeds in Australia** – *Louise Lawrence and Lauren Quinn describe the changes in aquatic weed flora that are the result of increased urbanisation.*
- 270 **Biofuels: What Impact on Crop Protection and Seeds Now? Part 2: Sources of feedstocks for first and second generation biofuels** – Alan Baylis
- 275 **Company news** – *reports on mergers, acquisitions, collaborations and sales*
- 278 **The Judicial Review of Pesticides and Bystander Exposure by Mr Justice Collins** – *Some comments on the judicial review – Graham Matthews*
- 280 **Why Do Mosquitoes “Choose” To Bite Some People More Than Others?** – *James G. Logan helps to explain why some individuals are bitten more by mosquitoes than others*
- 284 **Global Harmonization Of Pesticide Regulation: Greater Transparency Of The Risk Assessment Process Is A Prerequisite** – R. Don Wauchope
- 286 **Biotechnology news** – *developments in molecular biology and genomics*
