

THE INTERNATIONAL JOURNAL FOR TECHNOLOGY IN MATHEMATICS EDUCATION

Volume 23, Number 2

- 43 Editorial
- 45 Using an Iceberg Intervention Model to Understand Equivalent Fraction Learning when Students with Mathematical Learning Difficulties use Different Manipulatives
Arla Westenskow and Patricia Moyer-Packenham
- 63 An Instrumentation Theory View On Students' Use Of An Applet For Algebraic Substitution
Al Jupri, Paul Drijvers, & Marja van den Heuvel-Panhuizen
- 81 Institutionalising Virtual Math Resources at an HBCU
Mozhgan Mirani and Abby E. Ramon

DISCUSSION PAPER

- 87 Using Online Professional Learning Communities to Encourage Dialogue in University/College Mathematics
By Valleri Bond
